

### DRAFT BEER BY THE PINT

Hobbs Tavern & Lake Life Pale Ale  
West Ossipee, NH • Pale Ale - American • 5.9% ABV • 38 IBU  
• 177 CAL

Redhook ESB  
Seattle, WA • Extra Special • 5.8% ABV • 28 IBU • 174 CAL  
Redhook's flagship beer got its start as a winter seasonal recipe in the mid 80's. In the early years, Extra Special Bitter earned a reputation as 'banana beer' and has been brewed continuously since 1987. ESB's caramel malt sweetness and subtle spice and fruit hop flavors, quickly defined the style, becoming Seattle's definitive craft beer and inspiring a new wave of craft beers across the country.

Bayerische Staatsbrauerei Weihenstephan  
Weihenstephaner Hefeweissbier  
85354 Freising, BY • Hefeweizen • 5.4% ABV • 14 IBU • 162 CAL  
Our golden-yellow wheat beer, with its fine-pored white foam, smells of cloves and impresses consumers with its refreshing banana flavour. It is full bodied and with a smooth yeast taste. To be enjoyed at any time (always a pleasure / enjoyment), goes excellently with fish and seafood, with spicy cheese and especially with the traditional Bavarian veal sausage. Brewed according to our centuries-old brewing tradition on the Weihenstephan hill.

Henniker Miles & Miles  
Henniker, NH • Pale Ale - American • 5.5% ABV • 45 IBU  
• 165 CAL  
Named in honor of Derry, New Hampshire's own Captain Alan Shepard, Miles & Miles is a dry-hopped Pale Ale, lighter bodied, with bready malt notes and a juicy, tropical hop aroma. We dry-hopped Miles & Miles with a pound of hops per barrel using a blend of Citra and Amarillo, two of America's most sought after hops. This beer pairs well with grilled meats, sharp cheeses, and koozies.

Jack's Abby Hoponius Union  
Framingham, MA • Lager - IPL (India Pale Lager) • 6.5% ABV  
• 65 IBU • 195 CAL  
This lager harmoniously combines lager yeast fermentation and west coast

IPA hops. Our India style Pale Lager is like a traditional IPA but with a twist - it's fermented cold and aged for extended periods. A blend of classic American hops creates a huge tropical fruit and citrusy hop aroma. A dry finish accentuates the pleasant bitterness and hop profile.

#### Lord Hobo Boomsauce

Woburn, MA • IPA - Imperial • 7.8% ABV • 78 IBU • 234 CAL

A New England style IPA using 6 hop varieties lending to a citrus and tropical fruit finish.

#### Spencer Spencer Trappist Ale

Spencer, MA • Patersbier • 6.5% ABV • 23 IBU • 195 CAL

America's First Trappist Beer. Our recipe was inspired by the traditional refectory ales known as patersbier ("fathers' beer" in Flemish) in Belgium. These sessionable beers are brewed by the monks for their dinner table and are typically only available at the monastery. Spencer is a full-bodied, golden-hued ale with fruity accents, a dry finish and light hop bitterness. The beer is unfiltered and unpasteurized, preserving live yeast that naturally carbonates the beer in the bottle and keg and contributes to the beer flavor and aroma.

#### Founders Nitro Rübæus

Grand Rapids, MI • Fruit Beer • 5.7% ABV • 15 IBU • 171 CAL

Rubaeus is infused with nitrogen resulting in a creamy mouth feel that brings out the complex richness of the raspberries.

#### Founders All Day IPA

Grand Rapids, MI • IPA - Session • 4.7% ABV • 42 IBU • 141 CAL

Satisfies your tastes while keeping your senses sharp. Brewed with a complex array of ingredients. Balanced for optimal aromatics and a clean finish.

#### Smuttynose Rhye IPA

Hampton, NH • Rye IPA • 7% ABV • 84 IBU • 210 CAL

#### New Holland Hoptronix

Holland, MI • IPA - Imperial • 9% ABV • 70 IBU • 270 CAL

Mosaic hops

#### Great Rhythm Resonation Pale Ale

Portsmouth, NH • Pale Ale - American • 5.2% ABV • 30 IBU • 156 CAL

A crisp Pale Ale with a dose of resinous hops

#### Boston Beer Samuel Adams Winter Lager

Boston, MA • Lager - Winter • 5.6% ABV • 22 IBU • 168 CAL

Bold and rich, with a touch of holiday spice The first thing one notices in a Samuel Adams® Winter Lager is its color: the deep brown of winter. Then comes the magical aroma which promises something special on the tongue. The warm aroma of cinnamon and ginger which blends with the toasty sweetness of the malted barley and hint of citrus.

#### Boston Beer Samuel Adams Boston Lager

Boston, MA • Lager - Vienna • 5% ABV • 30 IBU • 150 CAL

Samuel Adams Boston Lager® is the best example of the fundamental characteristics of a great beer, offering a full, rich flavor that is both balanced and complex. It is brewed using a decoction mash, a time consuming, traditional four vessel brewing process discarded by many contemporary brewers. This process brings forth a rich sweetness from the malt that makes it well worth the effort. Samuel Adams Boston Lager® also uses only the finest of ingredients including two row barley, as well as German Noble aroma hops. The exclusive use of two row barley not only imparts a full, smooth body but also gives the beer a wide spectrum of malt flavor ranging from slightly sweet to caramel to slightly roasted. The Noble hops varieties, Hallertau Mittelfruh and Tettnang Tettnanger, add a wide range of floral, piney and citrus notes, which are present from the aroma, through the flavor, to the lingering smooth finish. We take great pride in the Noble hops used in our beers. They are hand selected by Jim Koch and our other brewers from the world's oldest hops growing area. Among the world's most expensive, they cost twenty times as much as other hops.

#### Sebago Bonfire

Gorham, ME • Rye Beer • 5.7% ABV • 53 IBU • 171 CAL

Bonfire is a unique seasonal offering that transcends any traditional beer style. The combination of malts complement the generous amount of late addition American hops, creating a perfect balance of earthiness and resinous hoppy aroma. Bonfire was designed to be enjoyed on a hot summer day or cool autumn night.

#### Dogfish Head Namaste (2017)

Milton, DE • Witbier • 4.8% ABV • 20 IBU • 144 CAL

#### Great North Aleworks Tie Dyed

Manchester, NH • Pale Ale - American • 5.4% ABV • 162 CAL

Tie Dyed is a sessionable pale ale that's aromatic and refreshing. Brewed with Citra, Amarillo, and Cascade hops, this lively beer is light, crisp, and packed with flavor. Tie Dyed started as our summer seasonal. We wanted a beer that had great hop aroma and flavor, but was smoother and easier drinking. Perfect for a hot summer's day. It was an instant hit, so we decided to promote it to year-round!

#### Moat Mountain HELL YES!

North Conway, NH • Lager - Helles • 4.7% ABV • 141 CAL

#### Allagash Curieux

Portland, ME • Belgian Tripel • 11% ABV • 27 IBU • 330 CAL

First brewed back in 2004, Curieux was our initial foray into barrel aging. To make Curieux, we take our Tripel and let it age in bourbon barrels for six to eight weeks. Once that time is up, we take the beer out of our cold cellars and blend it back with a portion of fresh Tripel. The resulting rich, golden ale features smooth notes of coconut, vanilla, and a hint of bourbon.

#### Allagash White

Portland, ME • Witbier • 5.1% ABV • 13 IBU • 153 CAL

Allagash White features a refreshing balance of citrus and spice. Wheat, coriander, and Curaçao orange peel round out the flavor of this pale straw-colored, hazy beer.

#### Switchback Switchback Ale

Burlington, VT • Red Ale - American Amber • 5% ABV • 28 IBU • 150 CAL

Using only traditional ingredients, Switchback Ale is a reddish-amber ale which is particularly well-balanced, allowing for complexity of flavor coupled with an unusually smooth and refreshing character. Five different malts, select hop varieties, and our own specially cultivated yeast create an ale which leads with hop flavors and a subtle impression of fruit (our yeast's contribution), followed by a palate pleasing malty finish. Our own special process uses the yeast to naturally carbonate the beer, and we leave it unfiltered. The result is a satisfying brew full of flavor with a remarkably clean and smooth finish.

#### Banded Horn Veridian IPA

Biddeford, ME • IPA - American • 6% ABV • 69 IBU • 180 CAL

Veridian, the name, is a combination of VERDANT (lush growth), VIRIDIA (green) and VERITAS (truth). Veridian, the beer, is a celebration of hops balanced by barley. These core ingredients are as inseparable as humans are from IPAs - and that's the truth.

#### Stone Vengeful Spirit IPA

Escondido, CA • IPA - American • 7.3% ABV • 57 IBU • 219 CAL

We've often been inspired to brew beers on a theme. In 2007 it was black IPAs. 2008 saw Belgian-influenced IPAs, and more than once it's been Triple IPAs. It's been fun to dive deep, and you've ridden those waves right along with us. But like you, we also crave new breaks to surf. Right now, it's tropically-inspired IPAs as represented both by this flavored ale, Stone Tangerine Express IPA and others we've got waiting in the wings....With Stone Vengeful Spirit IPA we employ a bit of tropical mythology to pay homage to our ever present gargoyle. Since 1996 he's had our backs, and yours, by representing an aggressive intolerance for commoditized beer. He

constantly inspires us to forge ahead with resolve—even with the omnipresent forces of forceful evil. Vengeful spirits can be awesome when they're on your side.

#### Stone Stone IPA

Escondido, CA • IPA - American • 6.9% ABV • 71 IBU • 207 CAL

By definition, an India Pale Ale is hoppier and higher in alcohol than its little brother, pale ale — and we deliver in spades. Now one of the most well respected and best-selling IPAs in the country, this golden beauty explodes with citrusy flavor and hop aromas, all perfectly balanced by a subtle malt character. This crisp, extra hoppy brew is hugely refreshing on a hot day, but will always deliver no matter when you choose to drink it. Hops: Magnum, Chinook & Centennial

#### Oskar Blues Dale's Pale Ale

Longmont, CO • Pale Ale - American • 6.5% ABV • 65 IBU  
• 195 CAL

This voluminously hopped mutha delivers a hoppy nose and assertive-but-balanced flavors of pale malts and citrusy floral hops from start to finish.

Oskar Blues launched its canning ops in 2002, brewing and hand-canning Dale's Pale Ale in the Lyons, Colorado, brewpub. America's first-craftcanned mountain pale is a hearty, critically acclaimed trailblazer that changed the way craft beer fiends perceive portable beer

#### Left Hand Milk Stout Nitro

Longmont, CO • Stout - Milk • 6% ABV • 25 IBU • 180 CAL

POUR HARD! Dark & delicious, America's milk stout will change your perception about what a stout can be. Pouring hard out of the bottle, Milk Stout Nitro cascades beautifully, building a tight, thick head like hard whipped cream. The aroma is of brown sugar and vanilla cream, with hints of roasted coffee. The pillowy head coats your upper lip and its creaminess entices your palate. Initial roasty, mocha flavors rise up, with slight hop & roast bitterness in the finish. The rest is pure bliss of milk chocolate fullness. Famous for their Nitro series, Left Hand Brewing was the first craft brewery to release a bottled nitrogenated beer. For the best experience, pour hard at 180 degrees into a 16oz glass. Different gas, different pour. Cheers! #PourHard

#### Lagunitas A Little Sumpin' Sumpin' Ale

Petaluma, CA • Pale Wheat Ale - American • 7.5% ABV • 65 IBU  
• 225 CAL

A truly unique style featuring a strong hop finish on a silky body. A filtered pale wheat ale that is great for both IPA and wheat beer fans.

#### Maine Beer Woods & Waters

Freeport, ME • IPA - American • 6.2% ABV • 186 CAL

Special, small-batch beer, brewed to commemorate the establishment of the Katahdin Woods & Waters National Monument. We incorporated Maine-grown barley and wheat from Blue Ox Malthouse in Lisbon Falls, Maine, along with generous amounts of American hops with flavors and aromas of citrus and pine.

#### Firestone Walker Easy Jack

Paso Robles, CA • IPA - Session • 4.5% ABV • 47 IBU • 135 CAL

Brewmaster Matt Brynildson went to the mountain and returned with a vision for a different kind of Session IPA, one that would be brewed and dry hopped with a globetrotting selection of new hop varieties from Europe, New Zealand and North America. He foresaw a beer that would deliver massive hop aromas, a signature malt balance and an empty glass before you knew what hit you. And so the newest member of our Jack IPA family was born.

#### Downeast Cider House Original Blend

Boston, MA • Cider • 5.1% ABV • 153 CAL

Original Blend is the Auerbach to our Celtics, the Satisfaction to our Stones, the Agent K to our Men In Black, our foundation. From its humble beginnings in the basement of a Bates College dormitory, Original Blend is the result of hundreds of test batches aimed at crafting the best damn hard cider you've ever tasted. Original Blend is made from freshly pressed local apples because we not only believe in high quality cider, we believe in America. We use a secret blend of Red Delicious, McIntosh, Cortland, and

Gala apples, and NEVER add concentrate, artificial flavors or sweeteners. Original Blend is the way cider should be. Our Original Blend Cider is 5.1% ABV. As always, our cider is GLUTEN FREE!!

#### Neighborhood Beer Mellow Grove

Exeter, NH • Hefeweizen • 5% ABV • 150 CAL

Mellow Grove Summer Ale is a smooth and refreshing treat. Our version of a Hefeweizen, this invigorating beer features subtle bubblegum esters on the front and citrusy notes at the end which creates both a relaxing and exhilarating ride of refreshment and fun. 5% ABV

#### Smuttynose Old Brown Dog Ale

Hampton, NH • Brown Ale - American • 6.5% ABV • 30 IBU  
• 195 CAL

Old Brown Dog has been cited as a classic example of the American Brown Ale style of beer. Compared to a typical English Brown Ale, Old Brown Dog is fuller-bodied and more strongly hopped. Old Brown Dog has been around for many years. It was first brewed in 1988 at the Northampton Brewery. In 1989 it won a silver medal in its category (American Brown Ale) at the Great American Beer Festival in Denver.

#### Hobbs Tavern & Swift River IPA

West Ossipee, NH • IPA - American • 6.5% ABV • 195 CAL

#### Tuckerman Pale Ale

Conway, NH • Pale Ale - American • 5.3% ABV • 37 IBU • 159 CAL

Our flagship Pale Ale, released in 1998, is brewed with specialty malts, some grown in Maine, and four types of hops. After fermentation, it is cold conditioned and dry-hopped in lagering tanks for maximum taste and quality. It is naturally carbonated in the bottle or keg using a German process called krausening, where a small amount of fresh fermenting wort is added. This produces a delicate carbonation and superior flavor. From the Mash Tun to store shelves is a 30 day process.

#### Stoneface IPA

Newington, NH • IPA - American • 7.2% ABV • 50 IBU • 216 CAL

Big, juicy, well-balanced IPA dry hopped with an absurd amount of Citra and Amarillo.

---
